# COVID-19 and Private Lessons

## COVID -19 Strategies to Support Families as of Monday October 26, 2020

As the COVID-19 virus (and the risk mitigation plans introduced by the State and Commonwealth governments) continues to impact and change the way we do business for the foreseeable future some things remain the same. It seems that in the Busy Room at Naturally Learning we were COVID Safe before it was even a thing.

With regard to private lessons, I feel confident that the COVID Safe Plan reflects natural practises in hygiene and safety and that it also meets the current mandate by the DHHS and Victorian Government with regard to the pandemic.

In order to support families during the current restrictions, Naturally Learning has taken the following measures with the aim of resuming Private Lessons in November 2020.
